Dear Ms Pomfret and the Pupils at Nazeing School,

I am writing to congratulate you on your recent results in reading, writing and mathematics. This is fantastic news and you should all be very proud of your hard work.

At Nazeing specifically, the number of pupils who met the expected standard increased from 57% to 63% in 2018. This is a very significant improvement and shows the dedication of both staff and pupils at the school.

To the staff, I'd like to thank you all for everything that you do for the young people of Nazeing. The village would not be what it is without you and you're a real credit to the area.

To the pupils, your work has been fantastic and be sure to keep it up!

In light of your recent efforts, I'd like to invite you on a tour of Parliament. If this is something that you would like to do then please contact my office by emailing halfon4harlow@roberthalfon.com.

Very best wishes,
